Dwayne,

We would like to recognize you and your staff at Superior's Rolln for the courier service that goes well beyond the scope of work that SIU contracts your company to provide. For the past 15+ years, you and your staff have provided consistent and courteous on time courier service.

We appreciate your diligent efforts and we at SIU look forward to a continued relationship in the upcoming year.

Sincerely,

To Whom It May Concern:

I am writing this letter to recommend to everyone in need of a reliable courier service that they use our current vendor, Superior's Roll'N, Inc.

Anacomp, Inc.'s Atlanta location has been utilizing the services of this courier for the past seventeen years. As we grew, Dwayne Bledsoe (owner of Superior's Roll'N, Inc) worked hand in hand with our management staff to help develop the courier routes required to ensure we were able to provide the best service to our customers in the most timely and cost efficient manner. He has also been there as we have scaled back our courier services to adapt to the ever-changing market that we service. This, along with the high service levels that they maintain, is what has kept our relationship with them strong. With their dedication to excellence and professionalism, our experience with Superior's Roll'N, Inc. has been nothing short of outstanding.

Should you require a discussion regarding this recommendation, please feel free to contact me at the number listed below.

Sincerely,

Re: Superiors Rolln

I would like to take this opportunity to express my thoughts regarding my experiences with Dwayne Bledsoe and Superiors Rolln Courier Service. I have used Dwayne's services since 1992, which spans my management roles in 3 different organizations in the Atlanta Metro Area. Dwayne has always provided exceptional service. He and his staff have always exhibited the utmost in courtesy and professionalism, both to myself and my staff, as well as to my customers.

On those occasions where my needs dictated immediate action, I could always depend on Dwayne and his company to fill those needs on moments notice. Dwayne has always taken a sincere, personal interest in ensuring that he provided the best service possible to me and my customers. I can say that I truly thought of Dwayne as an extension of my organization, not an independent contractor.

Lastly, I want to say Dwayne is one of the most trustworthy and honest people I have ever had the pleasure of working with.

Best Regards,

TO WHOM IT MAY CONCERN

Subject: Letter of Recommendation (Superior Rollin)

Ever since ANACOMP began their association with Superior Rollin, any and all timely and non-accurate delivery issues virtually disappeared. ANACOMP processes our Clients Microfiche tapes and uses Superior Rollin to pickup our work to be processed and delivers the finished product back to us. We have been very pleased with their level of service and would certainly recommend their organization for local courier services. Their management took a genuine interest in our issues with the other courier services that failed regularly and their employees are courteous and conscientious.

I cannot remember a time (since Superior Rollin took over courier services), that we've had any issues with them. It should also be noted that they take a proactive approach if there is going to be any delays and inform us of such concerns before the fact.

Thanks to them, we have been able to concentrate on our own Client service level issues and not have to deal with the usual shortcomings involving Courier services.

If I may be of any further help, please don't hesitate to contact me.

To Whom It May Concern:

It is a privilege to recommend Dewayne Bledsoe and the courier service he maintains here at Anacomp. In the nine years I have worked at this site I have had several occasions to request assistance from Dewayne in areas that were not directly his responsibility. It might involve making a delivery for an Anacomp officer working from this location, assistance with the status of Anacomp's account at the post office as he picks up Anacomp's daily mail from the box, or even physical assistance with boxes and supplies in a large building that does not have anyone performing receiving/delivery functions. In all the times I have called upon Dewayne his consistent response is a willingness to do whatever he can do to assist Anacomp's efforts to be the best.....even if the request is not necessarily a part of his job description.

He and his personnel are both personable and professional as they come in contact with Anacomp employees and with our clients. On days when the courier business faces unexpected challenges he maintains a positive attitude and immediately begins to address the situation.

Even though we contract with him for courier services he operates as if he were actually Anacomp and always performs as a member of "the team".
